Crossroad & Bistrot

Photo from The Gallia County historical society

It is recorded that the School Board and Trustees of Green Township paid F.M. Blazer the sum of \$50 for 83/100 acre of land on which the old Centenary School stood. This was signed on October 29th, 1906.

At the end of the 1933-34 school term the school was closed, and the pupils went to a new three-room building located on Route 141 at the intersection of Lincoln Pike.

The Centenary Grange purchased the building and later attached the old Northup School building onto it. They held their meetings there until the organization dissolved. The building was rented to the Swan Creek Church who eventually bought it. Before the present Green Elementary School was completed, the overflow of pupils at Centenary School was housed in the one-room school building.

The Property was purchased by the Osborne's February 2010. After many months of planning and renovation the "Crossroad Bistrot" dream became reality. In August 2011 the doors opened and business began.

"Crossroad came from Lisa's deceased father (Harry Coughenour Jr. III) that spoke often of looking both ways before making decisions in life."

The floor of the Bistrot is a road with a crossroad in the middle. The décor is designed with all local schools, friends and personal memorabilia of the Osborne's

The Princess Diana picture belonged to Lisa's father. The Osborne's wanted to create a Local, Unique Destination Restaurant that was unlike any other.

"Everything is prepared fresh and without grease!"
